

Travis Inskip

Olympia, WA | 360.207.1775 | tinkspro@gmail.com

Objective

Versatile and detail-oriented professional with experience in IT support, digital content creation, and customer service. Skilled in troubleshooting technical issues, managing digital workflows, and designing brand-aligned visual content. Seeking a position in IT or graphic design where technical proficiency, creative problem-solving, and adaptability contribute to effective, user-focused solutions.

Experience

Media & IT Technician, Customer Service Representative | THC of Olympia 2011 - Present

- Created digital content and managed workflows, file organization, and security protocols.
- Provided IT support and staff training to improve technical efficiency and system reliability.
- Assisted customers with purchases, inquiries, and compliance-related information.
- Ensured regulatory compliance and delivered knowledgeable, customer-focused service.

Outbound Dock Worker | Amazon.com, Inc. 2024 - 2025

- Loaded, unloaded, sorted, and scanned packages to ensure accurate and efficient shipment processing.
- Operated pallet jacks and handling equipment while maintaining safety and cleanliness on the outbound dock.
- Verified inventory accuracy and shipment condition using handheld scanners.
- Collaborated in a fast-paced team environment to meet productivity and safety goals.

Freelance Landscaper | Multiple Employers 1998 - 2006

- Operated lawnmowers, trimmers, blowers, and other landscaping equipment.
- Performed lawn care tasks including mowing, edging, weeding, and debris removal.
- Inspected and maintained equipment to ensure safe, reliable operation.
- Trimmed bushes, pruned trees, and kept work areas clean and safe.

Lighting Design, Stagehand, & Guitar Tech | State Theatre 2001 - 2005

- Designed, installed, and operated lighting rigs for concerts, theater, and live events.
- Managed setup and teardown of lighting, audio, and stage equipment with a focus on safety and efficiency.
- Provided guitar tech support including tuning, maintenance, and on-stage troubleshooting.
- Performed stagehand duties and collaborated with crews to ensure smooth live productions.

Education

Evergreen State College, BSA Computer Science & Audio Production 2024 – Present
